AERIAL PATROLS

GOVERNMENT TO USE BALLOONS AND PLANES TO AID MOUNTAIN FIRE GUARDS

Recruiting for the Balloon School at Arcadia—Ross Field—and the aviation fields elsewhere is being pushed actively with glowing posters and other propaganda calculated to encourage enlistment but local men so far as Arcadia is concerned will look before they leap into the ranks at Arcadia.

A lot of adventurous selects, who had ambitions to fly and to learn to manage the elephants of the clouds, went into the service there with joy only to discover that about one man in one hundred ever had a chance to go aloft, much less learn to manage them and that the other 99 men in the hundred were mechanical roustabouts to operate the machinery that hoists and lowers the huge gas bags; but now that a permanent school is established things may be different and there may be plane flying as well; for the government is planning to utilize the equipment for the protection of the National Forest Reserve. By a co-ordination of the March and Ross fields, the Rockwell field at San Diego and the planes of the Mercury Aviation Company now operating between Los Angeles and Bakersfield, an air patrol which will discover and report mountain fires in the Angeles, Santa Barbara and Cleveland reserves will be formed which may prove of immense value in preventing the devastation of mojsture conserving growth on water sheds and the expenditure of thousands of dollars paid to the men drafted for work in such emergencies, not to speak of the destruction on mountain ranches in the path of the conflagration. Water for irrigation is the only thing that redeems Southern California from the desert. Were our mountains denuded the water falling upon their steep slopes would rush unrestrained to the sea without being conserved and percolating gradually into nature's reservoirs. Southern California would return to desert. So these aerial scouts will be one more line of defense of the prosperity of the Southland.

MINISTERS FAVOR LEAGUE OF NATIONS

Dr. E. H. Willisford was in attendance yesterday at a meeting of the Congregational ministers of Los Angeles and vicinity. A paper was read by a prominent minister discussing the peace treaty and its probable effect on ending wars for all time. The speaker argued that the League would not put an end to war, but the majority of the ministers present argued that it would, and Dr. Willisford is inclined that way himself.

DORAN SCHOOL PICNIC

Next Saturday the pupils, teachers and P.-T. A. mothers of Doran Street School will enjoy a picnic at Brookside Park. A big truck and several autos will convey the party which will assemble at the schoolhouse at 10 a. m., returning about 4 in the afternoon.

HOME AT LAST

FRANK BURSON ARRIVES FROM OVERSEAS AND STEPS INTO OLD JOB

A. L. Burson of 521 South Louise is a mightily contented man these days, for with the return of his brother Frank from overseas, he is back on the old pre-war footing in his business, with the two brothers, Harold and Frank, assisting him in his work as plastering contractor. Frank arrived in Glendale last Thursday and was most warmly greeted for he had been long expected. He was with the 89th and saw 90 days of actual service—at St. Mihiel, in the Argonne Forest and along the Meuse. After the armistice was signed he was sent with the American Army of Occupation to Friburg, where he stayed until the order for home came. He came across on the Leviathan, the largest transport in service. When asked if he brought home any souvenirs he replied in the negative, saying he wanted nothing that would remind him of the horrors he had passed through, but preferred to forget all about it. Just one week before he went to the training camp he was married to Miss Marian Johnston of Colorado Springs, Colo., whom he had known from childhood, he having been brought up in that city. She remained at the old home while Frank was away, but she will join him here about June 18th.

On the evening of Frank's return, the four brothers and families and the sister, Miss Edna, enjoyed a picnic in Verdugo Canyon.

COMEDY OF STUNTS

ANNUAL PICNIC OF FEDERATION OF PARENT-TEACHER ASSOCIATIONS A FUN FEST

The annual picnic of the Glendale Federation of Parent-Teacher Associations was held Monday, June 9th, on the grounds of the John Robert White residence on Orange street. Tne members and guests assembled at 11:30 a. m. and a social half hour was spent in meeting and greeting each other.

Luncheon was served after 12 and tables for the individual associations were laid in the covered arbor, the central table being utilized as the guest table at which the president, Mrs. A. A. Barton, acted as mistress of ceremonies.

After the delicious luncheon was partaken of President Barton opened the program with the remark that this year's picnic was the most conservative ever held by the Federation, as only the members of the P.-T. A. family were asked to participate, consequently she would call upon some of the relatives of the Federation to do their stunts for this picnic was unique in the fact that the program was to be of the stunt variety.

The first speaker, Miss Clara Midcalf, president of the newly-formed Glendale City Teachers' Club, as "Our Cousin" brought greetings from the teachers and made many humorous observations which caused much laughter.

Mrs. C. H. Toll as 'Mothers' Helper" representing the Reading Circle caused much merriment with a few humorous stories, especially as she opened her remarks with a denial of the gift of humor and disproved it immediately.

The stunt of "Sister Flood," president-elect of Glendale Union High School, was well received and the Federation has gained a worthy coworker in the person of Miss Flood.

"Brother Richardson D. White" followed and stated it was a nerve strain upon him to do a stunt, but after causing laughter by his remarks became serious and spoke on the intended bond election for the securing of school needs, particularly those of Broadway, and expressed the confidence he reposed in the co-operation of the Glendale Federation which has never failed to materialize.

The next speaker, "Brother Moyse," stated if he ever had been humorous it was accidentally, and then proceeded to cause peals of laughter which stamped approval on his stunt.

Mrs. Arthur Brown, trustee of School Board, was introduced as "Auntie" by President Barton and spoke well, commending the good will of the women and their friendship which has been thoroughly proved, and, in part, stated that Glendale is noted for the welfare work done by its women and the remark, "Keep the Home Fires Burning," caused that song to be sung by the members as she seated herself.

Mrs. Blanch Gardiner, a guest from Eagle Rock and trustee of the Glendale High School, stated that when she was invited and told to do her stunt she decided to call President Barton's bluff, and unwrapping a parcel surprised the audience with the vision of a pair of Indian Clubs with which she performed with dexterity to the delight of all.

The next speaker, "Grandmother" Thompson," president of the First District Congress of Mothers, caused merriment with the attitude in which she accepted the appellation, and her analysis of it.

Minnette Sherman, treasurer of First District, announced by Mrs. Barton as "a loan from Glendale to that district," showed versatility and genius in her painted word picture of "The Garden of P.-T. A.," and all agreed her contribution was a unique stunt, indeed, and one that will be long remembered.

President Barton then introduced Dr. Jessie A. Russell, president of California State Congress of Moth-

They have started an active campaign to line up the liberals behind Johnson and are planning a meeting to formally launch his candidacy. Senator Borah declared that Johnson's recent speech on the League of Nations brought him forward as the logical leader. He said that Johnson has the undivided support of all Senate progressives.

AUSTRIA DECLARES PEACE TERMS GIVEN HER ARE INCOMPARABLY HARDER THAN GERMANY'S

(Special Service to Glendale Evening News)

BERNE, Switzerland, June 10.—Chancellor Renner of Austria told a representative of the United Press that Austria was surprised by the terms of the peace treaty, that "peace conditions for Austria are incomparably more severe than those for Germany." He declared they placed Austria in the position of a big land owner stripped of all means of developing his property. He said that Austria did not expect favors but thought the terms should be as lenient as those granted Germany. He further declared that the treaty takes territories one hundred per cent. Teutonic away from Austria; that in Bohemia, Moravia and Silesia, Austria loses three and a half millions of her people. In Tyrol the loss is a quarter of a million and in Styria the loss is 150,000.

NEWLY-INITIATED ELKS

SIX MEMBERS INITIATED MONDAY NIGHT WITH MANY GUESTS PRESENT

Six new members were initiated into Glendale Lodge, No. 1289, B. P. O. E., Monday evening. As usual the ceremonies were impressive and there were a number of visitors from other lodges. Howard J. Askew was one of the candidates initiated and his brother, W. D. Askew, brought a delegation from Pomona. Past Exalted Ruler Paul D. Robinson, of L. A. Lodge 99, was also a visitor.

The lodge orchestra furnished music for the initiation ceremonies and following the session a supper was served in the banquet hall during which a two-reel comedy was shown on stage screen.

New members initiated were Chas. Wesley Burket and his son, Dana Burket, E. U. Emery and his son, Owen Emery, Charles P. Findlay and Howard J. Askew.

Flag Day exercises will be held at the Club House next Saturday evening, June 14th, to which the public will be invited. An address will be made on that occasion by Past Exalted Ruler E. B. Drake of Los Angeles Lodge, No. 99.

Officers and the drill team of the Glendale Lodge have been invited to put on initiatory work at the Pasadena Lodge next Tuesday evening.

TELEPHONE AND WATER

DATA TO BE PRESENTED BEFORE GREATER GLENDALE ASSOCIATION TONIGHT

The regular weekly meeting of the Greater Glendale Development Association will be held this (Tuesday) evening at 8 o'clock in the library of the Intermediate School at Wilson avenue and Jackson streets.

The first item on the program will be an address by Harry B. Lynch, head of the Public Service Department on the proposed Water Bond issue, to be followed by general discussion.

The telephone question will be taken up where it left off at the last meeting and Mr. Fairly, of the Kellogg Telephone Company, will address the organization and give information on supplies, working plans, etc., for privately owned and municipal telephone systems.

Mr. Stephenson of Burbank will also address the association. He has recently returned from San Francisco and adjacent cities where he has been investigating wireless and privately owned telephone systems and gathering information for the city trustees of Burbank. He will be accompanied by a delegation from Burbank comprising members of the committee who are making the fight for a just telephone rate for Burbank. This city is up in arms as are all other Southern California communities on the telephone situation.

Glendale citizens are cordially invited to attend this meeting.

BUSINESS PROMOTION

EARL L. BRYANT MADE DISTRICT MANAGER IN SAN FRANCISCO OF TIRE HOUSE

Mr. and Mrs. Earle Leighton Bryant of 361 Vine street are about to bid adieu to their many friends in Glendale to take up residence in San Francisco. Mr. Bryant, who is connected with a prominent tire house, has been made District Credit Manager of a new branch to be opened in the northern city. Although the social set to which they belong in Glendale will greatly regret their leaving, yet everyone is glad to hear of Mr. Bryant's splendid advancement. He will leave in a few days, but Mrs. Bryant will remain for a month or more in Glendale and Los Angeles. Many social functions are being given in honor of the Bryants.

WONDERFUL AUTO TRIP

MR. AND MRS. LE ROY BOSSERMAN RETURN FROM JOURNEY TO NORTHERN CALIFORNIA

Mrs. LeRoy Bosserman, who returned last week with her husband and son, Lyman, from an auto trip to Northern California, reports a perfectly wonderful outing and that all members of the party were much improved in health by the experience. Not only did they enjoy the country they passed through, but they found old friends all along the route whom they visited, their stops including Mill Valley, Oakland, San Francisco, Santa Rosa, Lindsay, Auburn, Santa Cruz, Santa Barbara, King City, Modesto and Visalia. At Santa Cruz they were in time for Mrs. Bosserman to take in some of the sessions of the P.-T. A. Federation convention which was in session and there she met the Glendale representatives, Mrs. Barton and Dr. Russell. They also visited and greatly enjoyed the grove of big trees near Santa Cruz.

Another interesting stop was at the geysers, or hot springs, near Calistoga.

At Mill Valley they were at the foot of Mount Tamalpais, but did not take time to go to the top. They did, however, see something of the wonderful Muir woods, which clothe the mountain, and enjoy a visit with old friends.

Auburn took them well on the road to and within a day's ride of Lake Tahoe, but on account of the deep snow they did not attempt the trip. At King City they saw the grandson of Mrs. Ella Richardson and had a visit with Mr. and Mrs. Shives Mitchell.

Especially enthusiastic is Mrs. Bosserman over Palo Alto and the Stanford Memorial Chapel which she considers the most beautiful of any church she has seen in America, and she has seen many both here and across the water. While she had heard much of its beauty, it surpassed her expectations.

Another joy of the trip was the trees and flowers, the elms and walnuts with which she had been familiar in the East, and the carpet of flowers that bordered the road almost all the way.

They went by the inland route and came home over the mountains, their journey covering five weeks and two days in which they had no wind, no dust and no fog,—weather conditions they might not experience again in a hundred years.

They did not camp but stopped at hotels and were immensely impressed by their excellence. At Modesto and Visalia the hostelries were almost metropolitan, and even in the smaller places they found fine accommodations, which made them quite ashamed of Glendale's lack in this respect.

NURSES GRADUATE

COMMENCEMENT EXERCISES OF SENIOR CLASS SANITARIUM MISSIONARY NURSES

Commencement exercises of the 1919 class of the Glendale Sanitarium and Training School for Medical Missionary Nurses were held in the Intermediate School Auditorium on Wilson avenue, between Kenwood and Jackson streets, last night. The assembly room was filled to capacity with friends of the graduates and of the institution. The graduating class occupied seats on the platform, and the other nurses of the institution, both those of the alumni and those in training, were present in uniform.

Dr. William J. Johnson delivered the address of the evening, and Dr. H. G. Westphal, medical superintendent of the Sanitarium, presented the diplomas. The invocation was by Pastor M. M. Hare, of Los Angeles, president of the Southern California Conference of the Seventh-day Adventists, and the benediction by Pastor R. W. Munson, chaplain of the Sanitarium.

A duet by Miss Olive Adams and Myron Lysinger, of Los Angeles, was most acceptably rendered. Mrs. Blakie rendered two vocal numbers, "The Spring Has Come," and "I Hear a Thrush at Eve." These were well received, as was the piano solo by Miss Evelyn Parr. Four numbers were rendered by the Sanitarium Orchestra, under the direction of Clarence Jones.

Dr. Johnson congratulated the graduating nurses upon having successfully completed their course of study and training. He spoke of the importance of rightly choosing one's life work. "It is so common today," he said, "to choose a profession because it will best serve our selfish,

GLENDALE, CALIFORNIA, TUESDAY, JUNE 10, 1919

WHY A MUNICIPAL TELEPHONE SYSTEM?

The question may arise in the minds of some citizens of Glendale why the Evening News has been so enthusiastically favoring the installation of a Municipal Telephone system since the order of a toll charge between Glendale and Los Angeles was given early last January. The reason for the Evening News favoring a municipal telephone system is that such a system is our only means of protection against the Pacific Telephone Company's unfair methods. About six years ago a long time franchise was granted to the Pacific Telephone & Telegraph company by the trustees of the city of Glendale. The provisions of this franchise exclude a stock company from installing a phone system in Glendale and the only protection the people have is to look to the city trustees for a municipal system, the installation of which the existing laws permit.

That there is sufficient cause for complaint against the increased exchange rates and the excessive toll charges recently inaugurated by the Pacific Telephone Company is very evident from the fact that many Glendale people of good businesss judgment have ordered their phones removed. The methods of the telephone compay have been so unbusinesslike and unfair that the man with the least red blood in his veins cannot tolerate such actions. The unbusinesslike part of the company's procedure is in the fact that they reduced the service by cutting off free communication with Los Angeles, Eagle Rock, Burbank and other points and at the very time of this reduction of service an increase of from 25 to 30 per cent. was made in exchange rates. Their methods of doing business may be likened to the merchant who stocks his shelves with a more inferior grade of merchandise than he has been carrying and then marks this inferior grade of goods 25 or 30 per cent. higher than the better grade he formerly carried.

It is indeed discouraging to know that there is a law that will permit the giving of a long-term franchise to a corporation who will proceed to do business in such an unfair manner. Now, honorable Board of Trustees, you must not consider the people of Glendale abrupt or dictatorial when they repeatedly appear before you asking for relief from present telephone conditions. The truth of the whole matter is that either you or your predecessors have built a fence around Glendale protecting the present Telephone Company and the only course left for us is to request that you in some way remove this fence. As has been stated repeatedly by the City Attorney the only possible way is for the city to install a municipal telephone plant.

LOSSES IN TURKEY RAISING

The turkey season is fairly on, after a delay of fully six weeks. Not the season for killing, but for raising them. Owing to the high price of turkey meat the past two or three years there has been a determined effort on the part of Glendale poultry raisers to bring on flocks of the Thanksgiving birds, but some have quit in disgust after losing all the young in this most peculiar season. The long, cold spell in May was fatal to the little ones hatched in April, but those hatched early in March were strong enough to weather the cold in May. One lady who bought some day-old turkeys at 55c each early in May lost all but two and others lost entire flocks. Now that warm weather has come the industry has taken on new life, late as it is, and turkey eggs are in considerable demand, some bringing 50 cents each. If the little ones can be carried past the six weeks' old period in safety there is little danger thereafter.

EVOLUTION IN PARTRIDGES

A curious example of the effects of environment and changed conditions of life upon the forms of animals is furnished by a species of partridge that lives in the Canary Islands. More than four hundred years ago, says the Los Angeles Times, the Spaniards brought the red-legged partridge from Europe to those islands, and the bird has continued to flourish there; but, as recent examination proves, it has undergone changes clearly brought about by the conditions under which it lives.

Its back has turned from russet to gray. That, apparently, is protective coloring, since the bird passes its life among gray volcanic rocks.

Its beak has become one-fourth longer and thicker than that of its ancestors and of its European relatives, and its legs also have increased in length and grown stouter.

Those changes are exactly such as were needed to suit it to the life that it is now compelled to lead amid the rocks and on the mountainsides of the islands, where it needs a stronger physical development than it needed in its former home.

EXPRESS YOURSELF ACCURATELY

Few of us are ever called upon to quote Latin phrases, or discuss those achievements that have made ancient history, but today every one of us is expected to be able to express himself accurately, in plain, simple language — "words" that the average person understands. The wonders and glories and triumphs of a dead past make pleasant reading for people who have the time to thus indulge their tastes, but for the girl who must make every minute count—and the struggle for bread and butter means just that—practical books that will help her to express herself correctly are the works she should read in her spare time. If she is in doubt as to what subjects she ought to take up let her quickly seek the advice of some good, sensible friend, some person who is competent to select the most profitable kind of matter, and then she should act faithfully on this coaching.

MAKE THE MINUTES WORTH WHILE

Weak characters yield the future to the passing minute. And you can't tell them about it. The best way to make people dislike you is to be constantly reminding them of the use of time. Each man prides himself in being his own boss, but coming days will give the lie to that little fiction that we can use the present in frivolity and reap glory in the future. The trouble with most of us is that we have the wrong idea of pleasure. We find it only in levity and nonsense. This is a bore to the man of brains. Minutes that do not contribute something worth while to life are counted lost. He finds joy only in what adds to greater fitness and develops the broadest character.—Exchange.

NURSES GRADUATE

personal ends, and afford a quick means of gaining wealth, and give us social prestige and influence, or, perhaps, political power. 'Oftentimes the question of how we can best serve God and humanity does not enter into the choice. When we choose our life's work we should realize that we are choosing not only for time but for eternity. We are choosing not only for ourselves, but for others as well.

"What then should be the guiding motive? The same motive that led our Saviour to leave the courts of heaven, to voluntarily surrender the glory He had with His Father before the world was, and to come here as a man among men, to take upon Him the nature of sinful flesh, to live under these conditions a perfect life, and a life of self-denial, humility and self-abnegation; the same motive that led our Saviour into the garden of Gethsemane, and finally to the cross of Calvary; the same motive and principle that runs, so to speak, like a thread of gold through the whole gospel; which makes heaven altogether lovely, and which is expressed briefly in the Good Book in the words, 'Bear ye one another's burdens and so fulfill the law of Christ;' and again, 'We that are strong ought to bear the infirmities of the weak, and not to please ourselves.'"

The speaker said no faithful physician or nurse need fear losing the reward of service and helpfulness, even though often called upon to labor without remuneration from the very poor, for he said a time is coming when all will receive recompense for their cheerful and unselfish helpfulness.

He spoke of the important place which the Christian physician and nurse are certain to fill during the next few years. "In view of the things which have come and are coming on the world, can you conceive of any man or woman who will fill a larger place in the world's closing years than the medical missionary? Can you conceive of any other class of workers who will be so much in demand, or who can so pre-eminently serve God's purpose in the dark and thying days before us. Though we say nothing about the great so-called heathen lands, there are thousands, yea millions, who are stretching out their hands to God for help. They know the situation is such that they cannot expect help from any other source. With such a situation confronting us can there be any question but that we have rightly chosen our life's work?"

Dr. Johnson closed by mentioning the decorations for bravery given soldiers who, under fire, accomplished exceptionally difficult and heroic tasks for their country. He compared the soldiers' courage to Christian service, and added, "It is worth much to receive at last the personal word of praise from your Lord and Master, 'Well done, good and faithful servant; enter thou into the joy of thy Lord.'" He counseled his hearers to serve God faithfully day by day, to be ready to go in answer to any call God might make upon them, and assured them that when the time came for them to have the "long vacation" God would speak to them words of praise and commendation.

The graduating nurses were: Misses Meta E. Roehr, Fay E. Shidler, Gretchen E. Rueff, Susie E. Case, Alice B. Elvin, Emily E. Armstrong.

PLEASING RECITAL BY MRS. MASTERS' PUPILS

The pupils of Mrs. Roy Masters gave a pleasing recital the evening of June 6th at the Masonic Temple. Every number was appreciated by the many friends of Mrs. Masters and her pupils who were present. One of the features of the recital was the fact that with but one exception all numbers were memorized and given without the music being before the performer.

The following boys and girls took part in the program, which showed excellent instruction had been given in technique and harmony:

Miss Gertrude Phillips, Under the Leaves, by Thome, and Valse Op. 64, No. 1 by Chopin.

Miss Doris Miles, The Dream Waltz, Gurlitt.

George Herald, Traveler's Song and Triumphal March, by Oesten. George proved to be a fine entertainer.

Herold Thompson, Will o' the Wisp, by Jungmann, and Humoresque by Dvorak.

Miss Thelma Gadden, The Butterfly, by Merkle.

Raymond Wolfe, Beethoven's Minuet in G, and Idillio by Lack.

Edda Miles, Pa Petite Amourette, by Cowles.

Claudie True, Polish Dance, Op. 3, N 1, by Scharwenka.

Miss Eva Thede, a talented vocalist from Los Angeles, added much to the program by singing three songs, Since We Parted, Allitsen; Eligie, Massanet; Clarissima, Penn. Mrs. Masters played the accompaniments for Miss Thede.

Mrs. Masters and her pupils received many congratulations and everyone who was present will look forward with pleasure to the next recital given by the pupils of Mrs. Roy Masters.

Mr. and Mrs. John Fraser, of 350 Riverdale Drive, are leaving for their Balboa cottage on Wednesday in the expectation of spending the summer at the beach.

Mr. and Mrs. Fred Myton of 510 North Maryland avenue returned Monday from a delightful trip to Catalina. They drove to San Pedro Friday and left their car until their return.

JUNE BUG PARTY, AND CHILDREN'S DAY

Saturday afternoon the children of the Primary Department at the Presbyterian Church gave a June Bug party in honor of the two graduating classes going from their department into the main Sunday School, and also the Cradle Roll babies and their mothers. Those graduating were Virginia Bandino, Margaret Brown, Virginia Collins, Gladys Glaze, Madeline Guglielimo, Virginia Horner, Jean Hosack, Martha Jones, Adrienne Lawrence, Eleanor Mineff, Evelyn Six, George Dupuy, James Edmonds, Herbert Hoit, Thomas Houghton and George Hall.

Sunday morning at 9:30 the Children's Day exercises were held, the program being under the direction of Miss Vera Sinclair. At the 11:00 o'clock hour the members of the church responded to Roll Call by placing their names on a card and handing it in at the time of the morning offering, it being in the nature of a family gathering before the vacation period.

CONGREGATIONAL CHURCH DOINGS

At the Glendale Congregational Church Sunday morning one of the most successful Children's Day services ever held in the church was enjoyed.

"Boy Scouts" was the theme of the evening service in recognition of the drive on this week. Scout Masters McCourt, Rowley and Sherman were present with their troops.

Mrs. Willisford read selections from "The Boy Scout" by Richard Harding Davis and Mr. Willisford made a talk in regard to the movement in the United States and abroad in which he stated there are 10,000,000 boys in this country between the ages of 12 and 21 and only 300,000 Boy Scouts. The objective in this drive is an enrollment of one million and the accumulation of a fund for promotion and maintenance. The pastor also gave the children a cleverly illustrated talk on habit, how to break bad habits and how to form good ones.

Today Mr. Willisford is spending in Los Angeles in attendance on a meeting of the Board of Directors of the Association of Congregational Churches of Southern California, of which he was recently elected "Scribe."

HOME DANCE

Miss Ruth Sprowls entertained with a small dancing party Saturday evening at the home of her parents, Mr. and Mrs. W. T. Sprowls, of 317 Myrtle street. The young people had a delightful time and light refreshments of punch and cake were served, the guest list including Misses Elizabeth Bullard, Delia Young, Irene Whitaker, Dorothy Hoskins, and Messrs. Ronald Greenwalt, Merle Davis, Donald Price, Meredith Siple and James Luce of the Los Angeles Military Academy.

STREET CAR DAMAGED IN COLLISION

Car No. 1 on the Glendale and Montrose Railway collided with the back end of James Conner's truck this morning about 8:20 o'clock, nearly in front of the fire house. Mr. Conner had a load of empty lemon boxes on his truck, returning to his foothill ranch with them from the packing house. The car struck the heavy truck with such force that the door, which was open, was smashed to kindling wood and the rounding corner of the car was badly splintered. The truck was not injured in the least. The car was not damaged sufficiently to prevent it continuing in service.

FEDERATED BROTHERHOOD BANQUET

The Federated Brotherhood banquet next Friday evening in the bungalow of the Central Christian Church is being kept in mind by the leaders of this band of Christian men and every effort made to have every member present. With Dr. Selecman as the speaker of the evening, it is believed there will be a large attendance as he is sure to bring a worth while message.

CLASS PARTY

A8 1 OF THE INTERMEDIATE ENJOYS PLEASANT EVENING AT J. R. GRAY HOME

Class A8 1 of the Intermediate School enjoyed a delightful party Friday night at the home of Marian Grey, at 667 West Doran street. On arriving, guests were divided into groups representing different colleges and as college athletes took part in a program including the following numbers:

(1)—Howdy Do, a stunt in which all conversation between guests had to be in nursery rhymes.

(2)—Stunts in which representatives of the different colleges competed. This followed the general phraseology of the track meet.

(3)—Magic.

(4)—Tipperary.

(5)—Refreshments (ice cream and cake).

(6)—Home, Sweet Home.

The house was decorated in the class colors of blue and gold. It was an unique program in which there was a chance for everyone to participate. Miss Clara Midcalf, who was credited with originating and working it out received much praise from students and mothers who greatly appreciated her efforts.

Other guests invited by the class were: Mr. and Mrs. J. R. Grey, Mrs. A. S. Chase, Mrs. Robinson, Miss Wheeler and Miss Frances Jackson.

MUST CUT SHORT HER STAY

Mrs. C. E. Allen and little babe who came to Glendale from Vancouver, B. C., a little over six weeks ago intending to remain for six months will start on their return to Vancouver next Monday. Mr. Allen was a salmon broker when the war opened and when the English government took over the entire salmon pack, it took the brokers also to serve with the Food Administration. Mr. Allen is still with the Administration and was lately in Japan but when notified that he would be returned to Vancouver, his home city, he cabled his wife to cut short her stay here and join him at Vancouver. He is now awaiting her there.

FAREWELL SURPRISE

Last evening Mr. and Mrs. A. E. Ecklebarger of 407 North Kenwood were surprised by the coming in of a few friends and neighbors with ice cream and cake to spend the evening. It was a farewell surprise for the Ecklebargers who move next week to their alfalfa ranch, near McFarland, hoping that the outdoor life may restore Mr. Ecklebarger's health. They love Glendale, its people and its glorious climate and hope to some day return.

THREATEN TO MOVE NATIONAL CAPITAL

WASHINGTON, June 10.—They're talking of moving the capital, and gosh the profiteers are "scared!"

Senator Sherman, Illinois, a plain spoken man who goes marketing with a basket on his arm, and who is the new chairman of the District of Columbia committee, started it all when he said if Washington landlords and merchants didn't stop charging so much for things, congress ought to get up and take the capital city out to Iowa, or some place away from here.

Washingtonians took it seriously, because Sherman has said some mighty serious things about profiteering here, in senate speeches. The president of one of the numerous "civic pride" organizations which flourish in Washington hurried to Presidential Secretary Tumulty to learn whether there really was a possibility of congress and the government departments going west, leaving nothing here but the Potomac and the Washington monument.

Since Sherman made his remark, offers have come from several states (made quite unofficially of course, but in some cases by influential citizens) to have a real honest to goodness capital city set up in those commonwealths, with an iron-clad guarantee against profiteering.

Senator Kenyon said he knows Iowa would do the job right, and Senator Reed asked that the claims of St. Louis be not overlooked. Senator Harding spoke feelingly of the Ohio climate and Hiram Johnson declared California would prove a matchless place for the capital. Senator Sheppard proposed Texas and Senator Sherman himself modestly suggested that Chicago wouldn't be a bad choice.

And now most any day it is likely that some chipper congressman will really introduce a bill to do it, thus throwing the Washingtonians who lived here before the war into new apprehensions lest the source of their new wealth be suddenly cut off.
